Year 11 Special! Donebeg Magnifier

Clear views of ~~school~~ Y11 news....

The second half begins....

Dear All,

We all hope that everyone got some rest over half term, as well as getting ahead with revision for the final exams. It was great to see students in school last week, including two full classes coming in for Maths revision on Sunday!

We now move on to the next stage of managing Year 11s in school. This involves students being in for exams (of course!) and also being in for specific revision as arranged by subject teachers. At other times they can work independently in school, or at home.

The timetable overleaf has this set out, however individual teachers will have communicated with students about other sessions. Thank you with your support in ensuring that as many students as possible can get in for these sessions.

It is really important that we know who is in school. To help with this we will put signing in sheets on the wall opposite the Staff Room. All students must sign in and out (except if they are in for an exam, in which case a register is taken in each exam).

The important thing is, of course, that when they are at home they are revising effectively. Another thing to think about is how they are going to get into school if they only have an exam in the afternoon!

Thank you for your continued support.

Students must sign out if they are leaving after an exam and sign in if they are in school but do not have an exam.

Signing in sheets are located opposite the Staff Room on the main corridor

Date	Day	Subject
04/06	Tue am	Spanish
	Tue P3	History/Geography revision
	Tue pm	History
05/06	Wed am	Geography
	Wed pm	Business Studies
06/06	Thu am	English Language
	Thu pm	NO EXAM
07/06	Fri am	NO EXAM
	Fri P3	All students in for Biology revision
	Fri pm	Biology
