SUMMER

As a result of Covid-19, we need to continue to deliver the School Games in an exciting, but safe way. We want everyone to come together again in a series of virtual challenges throughout the summer.

We will release all challenges at the end of this term so you can choose which suit your school and when you do them.

You will need to be **submit** your school's **results** to your **School Games Organiser** by **Monday 5th July** to reach the virtual results day.

On **Tuesday 13th July**, we will publish results to recognise everyone's participation in summer term events. We will also be **hosting a festival of mass participation events and activities** across the **whole of Gloucestershire** and we hope you will join us to make this **Gloucestershire's biggest ever online physical activity event** by bringing the festival to your school!

SCHOOL GAMES VALUES

The only limits that exist are the ones in our own mind!

Together everyone achieves more.
